## PROPOSED SCENARIO PRIORITIZATION PROCESS PROPOSAL

1. Complete a review of the updated set of scenarios using latest cost and engineering recommendations / information.
2. Each committee member will be vote for their top three scenarios
3. Each vote will be weighted as follows:
  - a. Top choice will be worth 9 points
  - b. Second choice will be worth 6 points
  - c. Third choice will be worth 3 points
4. Each scenario receiving votes will have its total point values tabulated
5. The top three scoring scenarios will be assessed and reviewed based upon the total points received.
6. Select by consensus the scenario to be recommended to the Town Board for its consideration and possible action.
